# Event Org tips

Have a catchy title, head shot and banner art

Utilize all three social media platforms to get the most exposure

Engage the audience, engage the audience, engage the audience.

Plan the event 30 days + out in advance

Ensure adequate quality of video, audio and internet connection for all guests.

Arrive in the broadcast studio 30 minutes in advance to rehearse and test audio and video quality.

Smartphones connected to wi-fi on a mounted stand can provide better A/V quality than laptops in some cases.

When hosting or being interviewed look at the camera lense instead of the display.

7 days prior to broadcast the broadcast studio details will be sent out giving a run-of-show agenda for the broadcast and how to connect.

# Benefits of Hybrid Virtual Chapter Meetings

- Ensures that local SoPE communities remain intact
- Minimizes effort from the centralized process
- Utilizes access to free smartphone technology
